

## 3d Virtually There Privacy Policy

### Who we are

Our website address is: <https://3dvirtuallythere.com>.

### What personal data we collect and why we collect it

#### Comments

When visitors leave comments on the site we collect the data shown in the comments form, and also the visitor's IP address and browser user agent string to help spam detection.

An anonymized string created from your email address (also called a hash) may be provided to the Gravatar service to see if you are using it. The Gravatar service privacy policy is available here: <https://automattic.com/privacy/>. After approval of your comment, your profile picture is visible to the public in the context of your comment.

#### Media

If you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website can download and extract any location data from images on the website.

#### Contact forms

#### Cookies

If you leave a comment on our site you may opt-in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select "Remember Me", your login will persist for two weeks. If you log out of your account, the login cookies will be removed.

If you edit or publish an article, an additional cookie will be saved in your browser. This cookie includes no personal data and simply indicates the post ID of the article you just edited. It expires after 1 day.

#### Embedded content from other websites

Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website.

These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracking your interaction with the embedded content if you have an account and are logged in to that website.

#### Analytics

#### Who we share your data with

#### How long we retain your data

If you leave a comment, the comment and its metadata are retained indefinitely. This is so we can recognize and approve any follow-up comments automatically instead of holding them in a moderation queue.

For users that register on our website (if any), we also store the personal information they provide in their user profile. All users can see, edit, or delete their personal information at any time (except they cannot change their username). Website administrators can also see and edit that information.

What rights you have over your data

If you have an account on this site, or have left comments, you can request to receive an exported file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.

#### **Where we send your data**

Visitor comments may be checked through an automated spam detection service.

#### **Your contact information**

we respect your privacy and take protecting it seriously. This Privacy Policy covers our collection, use and disclosure of information we collect through our website and service, [www.3dvirtuallythere.com](http://www.3dvirtuallythere.com) owned and operated by 3dVirtuallythere. It also describes the choices available to you regarding our use of your personal information and how you can access and update this information. The use of information collected through our service shall be limited to the purpose of providing the service for which our Clients have engaged us.

#### **Additional information**

##### **How we protect your data**

We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline.

Wherever we collect sensitive information (such as credit card data), that information is encrypted and transmitted to us in a secure way. You can verify this by looking for a lock icon in the address bar and looking for “https” at the beginning of the address of the Web page.

While we use encryption to protect sensitive information transmitted online, we also protect your information offline. Only employees who need the information to perform a specific job (for example, billing or customer service) are granted access to personally identifiable information. The computers/servers in which we store personally identifiable information are kept in a secure environment.

##### **What data breach procedures we have in place**

We protect customer data with the following site features:

- We are entirely using SSL/HTTPS throughout all our sites. This encrypts our user communications with the servers so personal identifiable information is never captured by third parties without authorization.
- Databases are sanitized (actual user personal details are removed) before deploying to development or testing environment.

In case of a data breach, System administrators will immediately go through affected users and will attempt to reset passwords if needed after informing the user.

If you have any question please reach out to us.
